

137.111 District treasurer and auditor.

Upon establishment of a district board, the district board shall designate a treasurer of a county within its jurisdiction to serve as treasurer of the district health department, and shall designate the auditor of the same county to serve as auditor of the district health department. The treasurer's and the auditor's official bonds shall extend to cover their respective duties performed on behalf of the district health department. A county treasurer shall not serve in the capacity of district health department treasurer without consent from the county and agreement from the treasurer to perform this function, and a county auditor shall not serve in the capacity of district health department auditor without consent from the county and agreement from the auditor to perform this function.
